NEW THIS YEAR!

We have had a terrible time attracting a good crowd because the parking lot is full of vendors, volunteers and performer's vehicles. People drive around can't find parking and leave.

We will be providing a shuttle for all of us to move our rigs to one of the other school parking lots. We will drive to the lot then the shuttle will bring us back to the school. An emergency number will be given to each of you in the event that you need to get to your vehicle during the day for some reason. Someone will be available to drive you back and forth as needed.

Just call.

This will be the policy for the entire event. There's no reason for any of us to be there if our customers can't get to the event.

We have to work together to make this work for everyone.

Please be part of the solution and don't ask for 'special favors'. Handicapped vendors using wheelchairs will be the only exception.

This is going to be the best Winterfest ever!
